

52. A. tibialis anterior
52. Anterior tibial artery
53. N. fibularis (peroneus) superficialis
53. Superficial fibular (peroneal) nerve
54. A. tibialis posterior
54. Posterior tibial artery
55. N. tibialis
55. Tibial nerve
56. R. superficialis arteriae plantaris medialis
56. Superficial branch of medial plantar artery
57. R. profundus arteriae plantaris medialis
57. Deep branch of medial plantar artery
58. N. plantaris medialis
58. Medial plantar nerve
59. A. plantaris lateralis
59. Lateral plantar artery
60. N. plantaris lateralis
60. Lateral plantar nerve
61. Arcus plantaris profundus
61. Deep plantar arch
62. R. profundus nervi plantaris laterali
62. Deep branch of lateral plantar nerve
63. N. digitalis plantaris communis
63. Common plantar digital nerve
64. A. digitalis plantaris communis
64. Common plantar digital artery
65. N. digitalis plantaris proprius
65. Proper plantar digital nerve
66. A. digitalis plantaris propria
66. Proper plantar digital artery
67. R. perforans anterior
67. Anterior perforating branch
68. Tibia
68. Tibia
69. Malleolus medialis
69. Medial malleolus

70. Membrana interossea
70. Interosseous membrane
71. Fibula
71. Fibula
72. Malleolus lateralis
72. Lateral malleolus
73. Calcaneus
73. Calcaneus
74. Talus
74. Talus
75. Os cuboideum
75. Cuboid bone
76. Os naviculare
76. Navicular bone
77. Os cuneiforme mediale
77. Medial cuneiform bone
78. Ossa metatarsi;
ossa metatarsalia (I)
78. First metatarsal bone
79. Ossa metatarsi;
ossa metatarsalia (V)
79. The fifth metatarsal bone
80. Os sesamoideum
80. Sesamoid bone
81. Unguis
81. Nail

**Abbreviations for
the Latin terminology**
A. = Arteria
Lig. = Ligamentum
M. = Musculus
Mm. = Musculi
N. = Nervus
R. = Ramus

English

- | | | |
|---|--|---|
| 1. M. tibialis anterior
1. Tibialis anterior muscle | 19. Tendo calcaneus
19. Tendo calcaneus | 36. M. flexor hallucis brevis
36. Flexor hallucis brevis muscle |
| 2. Tendo musculi tibialis anterioris
2. Tibialis anterior tendon | 20. M. soleus
20. Soleus muscle | 37. Caput obliquum musculi adductoris hallucis
37. Oblique head of adductor hallucis muscle |
| 3. M. extensor hallucis longus
3. Extensor hallucis longus muscle | 21. Not available
21. Fatty tissue | 38. Caput transversum musculi adductoris hallucis
38. Transverse head of adductor hallucis muscle |
| 4. Tendo musculi extensoris hallucis longus
4. Extensor hallucis longus tendon | 22. M. flexor digitorum longus
22. Flexor digitorum longus muscle | 39. Mm. interossei plantares
39. Plantar interosseous muscles |
| 5. M. extensor digitorum longus
5. Extensor digitorum longus muscle | 23. Tendo musculi flexoris digitorum longi
23. Flexor digitorum longus tendon | 40. Lig. plantaris longum
40. Long plantar ligament |
| 6. Tendo extensoris digitorum longi
6. Extensor digitorum longus tendon | 24. M. flexor hallucis longus
24. Flexor hallucis longus muscle | 41. N. cutaneus dorsalis medialis
41. Medial dorsal cutaneous nerve |
| 7. Retinaculum musculorum extensorum superius
7. Superior extensor retinaculum | 25. Tendo musculi flexoris hallucis longi
25. Flexor hallucis longus tendon | 42. N. cutaneus dorsalis intermedialis
42. Intermedial dorsal cutaneous nerve |
| 8. Retinaculum musculorum extensorum inferius
8. Inferior extensor retinaculum | 26. M. tibialis posterior
26. Tibialis posterior muscle | 43. N. cutaneus dorsalis lateralis
43. Lateral dorsal cutaneous nerve |
| 9. Tendo musculi fibularis tertii
9. Fibularis (peroneus) tertius tendon | 27. Tendo musculi tibialis posterioris
27. Tibialis posterior tendon | 44. A. dorsalis pedis
44. Dorsal artery of foot |
| 10. M. extensor hallucis brevis
10. Extensor hallucis brevis muscle | 28. Aponeurosis plantaris
28. Plantar aponeurosis | 45. R. plantaris profundus
45. Deep plantar branch |
| 11. M. extensor digitorum brevis
11. Extensor digitorum brevis muscle | 29. M. abductor hallucis
29. Abductor hallucis muscle | 46. Aa. arcuatae
46. Arcuate arteries |
| 12. Mm. interossei dorsales
12. Dorsal interossei | 30. M. flexor digitorum brevis
30. Flexor digitorum brevis muscle | 47. A. metatarsalis dorsalis
47. Dorsal metatarsal artery |
| 13. Tendo musculi peronei longi
13. Peroneus longus tendon | 31. Tendo musculi flexoris digitorum brevis
31. Flexor digitorum brevis tendon | 48. A. tarsalis dorsalis
48. Medial tarsal artery |
| 14. M. peroneus brevis
14. Peroneus brevis muscle | 32. M. abductor digiti minimi
32. Abductor digiti minimi muscle | 49. A. metatarsalis dorsalis
49. Dorsal metatarsal artery |
| 15. Retinaculum musculorum peroneorum (fibularium) superius
15. Superior fibular (peroneal) retinaculum | 33. M. flexor digiti minimi brevis
33. Flexor digiti minimi brevis muscle | 50. A. digitalis dorsalis
50. Dorsal digital artery |
| 16. Retinaculum musculorum peroneorum (fibularium) inferius
16. Inferior fibular (peroneal) retinaculum | 34. M. quadratus plantae
34. Quadratus plantae muscle | 51. N. fibularis (peroneus) profundus
51. Deep fibular (peroneal) nerve |
| 17. Lig. talofibularis anterior
17. Anterior talofibular ligament | 35. Mm. lumbricales
35. Lumbricales muscles | |
| 18. Retinaculum musculorum flexorum
18. Flexor retinaculum | | |
